

Men's Recovery Services

CODAC's Men's Recovery Services provides speciality care for men facing addiction, anger issues and trauma.

We provide exceptional care through a supportive team of Therapists, Recovery Coaches and Peer Support Specialists who will help you gain the tools to improve your quality of life.

We also have medical staff on-site and by referral to help with assessments, prescribe medications and monitor symptoms, if needed.

Our outpatient programs address:

- Substance abuse/addiction disorders
- Anger management
- Anxiety and depression
- Parenting
- Post Traumatic Stress Disorder
- Wholeness and well-being

Our individualized, client-centered treatment revolves around your personal recovery goals. Whether you seek complete sobriety or would like to simply use less, we can customize a plan to meet your needs.

Men's Recovery Services is facilitated by a team of all male staff to provide a confidential and therapeutic atmosphere for sensitive and private matters.

“I am sober and alive today because of the help here. For that, I am grateful.”

“Before coming to this program, I was a mess. I didn’t know any other way of living but to use drugs and alcohol.”

Comprehensive Therapy & Support Groups:

Our team of professionals are prepared to help you work through the complex issues related to substance abuse as well as other mental health concerns. Individual, group, couples and family therapy can provide you and your loved ones with the tools to strengthen your skills in the following areas:

- Self-respect
- Relapse prevention & healthy coping skills
- Healthy relationships & communication
- Parenting & family relationships
- Recognizing triggers

Recovery Support & Community: Achieve your goals of living independently and successfully in the community. CODAC provides support that will help you transition back into the community, find employment and manage day-to-day responsibilities. Support services include:

- Peer support from others in recovery
- Career & education exploration
- Community involvement
- Life skills such as time and money management
- Transitional & permanent housing opportunities
